**WHEREAS**, it is necessary to maintain operational consistency and to ensure the integrity between common benefit and cost allocation according to land use, land development, and/or other assessment criteria,

**NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF SEMINOLE COUNTY, FLORIDA:**

**Section 1. Repeal.** Ordinance 2015-19 is hereby repealed in its entirety.

**Section 2. Authority, Purpose, Scope.** This Ordinance is enacted under authority of Article VIII, Section 1(g) of the Constitution of the State of Florida, Chapter 125, Florida Statutes, and under the Seminole County Home Rule Charter, for the purpose of recodifying and amending the consolidated street lighting district within specified areas of the unincorporated territories of Seminole County, Florida, not presently lying within the corporate boundaries of any municipality, as hereinafter described, unless defined and authorized through interlocal agreement with the municipality.

**Section 3. Short Title.** This Ordinance shall be known and referred to as the Seminole County Consolidated Street Lighting District Ordinance.

**Section 4. Definitions.** When used in this Ordinance, the following terms shall be defined to mean:

(a) Administrative Review and Rectification. Structural modifications recommended by the MSBU Program and applied to established street lighting MSBUs for the purpose of rectifying or maintaining the integrity between common benefit and cost allocation based on land use, land developments, and/or assessment criteria.

(b) Assessment Roll. A list that identifies the property included in the assessed boundary of an MSBU and includes property specific details such as assessment per property,

parcel identification number, property address, and owner information at the time the MSBU is established.

(c) Benefit Unit or Unit. The base reference used to determine cost share and cost allocation when calculating the annual non-ad valorem assessment to be assigned to a parcel.

(d) Board. The Board of County Commissioners of Seminole County, Florida.

(e) Costs. Those expenses incurred in association with providing the designated municipal services to each MSBU and administering the District which are to be borne by a special benefit assessment levied uniformly upon each benefit unit within each MSBU of the District.

(f) County or Seminole County. All those geographical territories of Seminole County, a political subdivision of the State of Florida, which territories are not now, or may hereafter be, within the corporate limits of any municipality.

(g) District. That geographical area of Seminole County described herein as the Seminole County Consolidated Street Lighting District, including the total area of all the MSBUs therein.

(h) Essential. Street lighting equipment required to ensure the illumination from street lighting is sufficient to promote standard roadway safety as required by formal lighting plan or engineering recommendations.

(i) Elective. Street lighting equipment or feature that is optional or non-essential, a change or modification in street lighting equipment offering a particular aesthetic appearance for a streetscape, or lighting requested in addition to lighting plan requirements.

(j) Improvements. All those street lighting poles, fixtures, and equipment presently or hereinafter operated within or added to the District.

(k) Person. The term shall include individuals, children, firms, associations, ventures, partnerships, estates, trusts, business trusts, syndicates, fiduciaries, corporations, and all other groups and legal entities, or combinations thereof.

(l) MSBU. A Municipal Services Benefit Unit representing a geographical area less than the District but lying within said District, and which is defined by a common scheme of street lighting services and equipment, and for which there is levied a common, uniform assessment per benefit unit. An MSBU may be comprised of legally assessable property that may include vacant or improved parcels, one or more residential subdivisions, a commercial, industrial, or institutional tract or development, a parcel of mixed use development, a planned unit development, public and private rights-of-way, or other property deemed to benefit from the street lighting improvement provided to the defined area.

(m) Street Lighting. Refers primarily to the equipment installed for providing enhanced roadway lighting that is intended to produce quick, accurate, and comfortable seeing at night that will safeguard, facilitate, and encourage vehicular and pedestrian traffic. The proper use of roadway lighting is also associated with certain economic and social benefits, including a reduction in nighttime accidents, aid to the public safety services (such as police, fire, and rescue), and facilitation of traffic flow during nighttime hours. Within the structure of individual MSBUs, the authorized services may extend to ancillary lighting and electrical expenditures, such as entrance lighting and flood lights in common areas and metered account services that are considered to be part of the overall street lighting plan within a specific geographic area.

(n) Upgrade. Installation of additional or modified street lighting equipment and/or the change or exchange in equipment generally resulting in an assessment increase.

(o) Words used in the singular include the plural and the plural the singular.

**Section 5. District Created.** There is hereby created within Seminole County the Seminole County Consolidated Street Lighting District for the purpose of providing for the maintenance and operation of street lights within the District. Said District shall consist of the street lighting MSBUs to include the newly created MSBU(s) described in Exhibits A-1, B-1, and the existing MSBUs described in Exhibits C-1 and C-2.

**Section 6. Governance of the District.** The District shall be governed by the Board of County Commissioners of Seminole County. The Board shall have the following powers and duties:

(a) Provide for the collection and disbursement by the County of such funds as may be necessary to pay the expenses of operation and maintenance of improvements within the District.

(b) To provide for or contract for the construction and maintenance of street lighting equipment within the District, including poles, wires, conduits, lights, all appurtenances, and ancillary service components, such as tree trimming, necessary for such street lighting.

(c) To buy, lease, or rent any and all equipment, improvements, and facilities which may be necessary for the purposes and intents of this Ordinance.

(d) To levy a special assessment uniformly and equitably upon each and every benefit unit within each MSBU to defray the costs of the District.

(e) To adjust the number of units and parcels within MSBUs as per documented parcel changes such as parcel split, parcel combination, land use or zoning revisions, and other parcel revisions that impact equitable distribution of cost allocation and identification of benefit.

(f) To subsequently merge and dissolve street lighting MSBUs when the existing street lighting infrastructure in multiple street lighting MSBUs is determined to provide a common benefit that would be reasonably and equitably managed through combining the existing street

lighting MSBUs unto a unified MSBU, and thereby improving the cost allocation to properties sharing in the commonality of the street lighting infrastructure and reducing the existence of multiple MSBUs within a common development or localized vicinity.

(g) To prepare and adopt budgets for the District taking into account all of the items specified in this Section, as well as the funding of any required reserves as described in Section 7, below.

**Section 7. Fiscal Procedures.** The Board of County Commissioners may, by proper resolution, establish rules and regulations regarding the fiscal operation of the District and may set up reserve items in the budget of the District in excess of the District's estimated expenditures for the ensuing fiscal year for the purpose of creating reasonable reserves for maintaining street lighting equipment, securing essential improvements for the District, and/or to compensate for increased utility costs.

**Section 8. Method of Assessment and Collection.** It is hereby declared and determined that the establishment of the Seminole County Consolidated Street Lighting District will confer special benefits upon the lands within the District and the MSBUs therein. Special assessments may be assessed and levied by the County to defray the costs of operation, maintenance, and administration of said District and MSBUs.

(a) Such assessments shall be determined, levied, and collected on each benefit unit within each MSBU on the basis of reasonable allocation of the costs of providing the street lighting infrastructure and services in relation to the benefits on the units within said MSBU.

For street lighting cost allocation and assessment purposes, the following criteria will be used for determining the number of benefit units per parcel:

(1) A parcel designated as single-family residential with one (1) dwelling on the parcel will be assigned one (1) benefit unit;

(2) A parcel designated as single-family residential with more than one (1) dwelling on the parcel, a parcel designated as multi-family, or a parcel with use designated as housing shall be assigned one (1) benefit unit for each dwelling unit, but in no event less than one (1) benefit unit;

(3) A developed commercial, industrial, or institutional parcel, not designated for use as housing, will be assigned benefit units according to the parcel acreage with each acre being assigned ten (10) benefit units, but in no event less than one (1) benefit unit;

(4) A parcel zoned and otherwise classified as a golf course will be assigned ten (10) benefit units;

(5) An undeveloped parcel or parcel category not otherwise identified shall be treated as one (1) benefit unit for purpose of assessment levy until such time as said parcel is platted or approved for development, at which time the subject parcel(s) shall be assessed in the manner described above; and

(6) When multiple parcels held under the same ownership are consolidated administratively under a parent parcel for taxing purposes, benefit unit(s) otherwise attributed to the individual parcels, according to the characteristics of the individual parcels, shall be assigned to the parent parcel.

(b) A special assessment per benefit unit for each MSBU shall be derived annually by dividing the total annual budgeted costs of the MSBU by the total number of benefit units in that MSBU and assigning that cost share to each and every assessable parcel in the MSBU according to the benefit unit methodology defined in this Ordinance.

(c) The special assessment for each year subsequent to the enactment of this Ordinance shall be implemented by means of a resolution adopted by the Board of County Commissioners of Seminole County, which shall be recorded in the Official Land Records of Seminole County, Florida.

(d) Said special assessments shall constitute a lien upon the lands assessed.

(e) Pending collection by the County of such special assessments, as provided hereinafter, the County may spend from its Street Lighting District Fund such sums as may be necessary to operate, maintain, and administer the District hereby created, and the County will be reimbursed to such extent at such time as such assessments have been collected.

(f) All special assessments, as provided herein, shall be assessed and collected by the uniform method adopted by the Seminole County Board of County Commissioners pursuant to Section 197.3632, Florida Statutes.

(g) The Tax Collector of Seminole County shall be entitled to receive a commission for the collection of said special assessment at the rate set forth in Section 192.091(2)(b), Florida Statutes, or its successor.

**Section 9. New MSBUs Requested through Application and Created by this Ordinance.** The street lighting MSBU(s) as identified in Exhibit A-1 are hereby created to become effective as of January 1, 2016. The MSBU(s) identified in Exhibit A-1 have been created as a result of community application and petitioning for creation of the MSBU. The community support level, as documented through the petition process for the MSBU(s) identified in Exhibit A-1, has met or exceeded the minimum support requirement of fifty-five percent (55%) as specified in Section 22.10, Seminole County Administrative Code.

The initial assessment roll for each newly created MSBU, Exhibit D, is hereby included in this Ordinance for adoption and compliance with Florida Statutes, Section 197.3632 4(a), which details the requirements for non-ad valorem assessments being levied for the first time.

**Section 10. Merged or Dissolved MSBUs Requested through Application and Merged or Dissolved by this Ordinance.** The street lighting MSBU(s) as identified in Exhibit A-2 are hereby merged or dissolved to become effective as of January 1, 2016. The MSBU(s) identified in Exhibit A-2 have been merged or dissolved as a result of community application and petitioning. The community support level as documented through the petition process for the MSBU(s) action identified in Exhibit A-2 has met or exceeded the minimum support requirement of fifty-five percent (55%) as specified in Section 22.10, Seminole County Administrative Code.

**Section 11. Administrative Review and Rectification.** The MSBU(s) as identified in B-1 are hereby created to become effective as of January 1, 2016. The MSBU(s) as identified in Exhibit B-1 are the result of administrative review and are created for the purpose of rectifying and/or maintaining the integrity between common benefit and cost allocation. The MSBUs listed in Exhibit B-1 are created as a result of administrative merging, splitting, and/or dissolving of existing MSBUs. The MSBUs identified in Exhibit B-1 are included in Exhibits C-1 and C-2. The initial assessment roll for each MSBU newly created by administrative action is included in Exhibit D, and hereby included in this Ordinance for adoption and compliance with Section 197.3632, Florida Statutes.

The MSBUs dissolved as a result of merged activity are listed in Exhibit B-2. The effective date of such dissolution will be January 1, 2016.

The MSBUs identified in Exhibit B-3 have been recommended for boundary adjustments to ensure the integrity between common benefit and cost allocation according to land use, land

development, and/or other assessment criteria. The properties to be added to or removed from the boundaries of existing MSBUs are listed by parcel identification number in Exhibit C-3. The effective date of such boundary adjustment will be January 1, 2016.

**Section 12. Established MSBUs – Equipment.** Modifications or changes to existing street lighting equipment are defined according to purpose and financial impact to the MSBU. Proposed equipment changes are classified as either “essential” or “elective” based on the following definitions:

Essential - An equipment modification that is required to ensure illumination from street lighting is sufficient to promote standard roadway safety and confirmed by formal lighting plan or engineering recommendations.

Elective - An equipment modification that is not a safety-related improvement, as defined according to the criteria for “essential” modifications. Includes, but is not limited to, street lighting equipment that offers a particular aesthetic appearance for a streetscape and/or lighting requested in addition to lighting plan requirements.

Each above classification has specific criteria for application, processing, and approval. All community based requests for street lighting equipment modification, as proposed to the existing equipment, shall require the submittal of an application and the respective application processing fee. Community-based requests for an essential modification that will yield an assessment rate increase of twenty percent (20%) or less may be implemented by the MSBU Program without petition confirmation. Essential modifications that will yield an assessment rate increase of greater than twenty percent (20%) will require community support, as demonstrated and required through the standard petition process for street lighting. Essential modifications subject to the petition process that are supported by at least fifty-five percent (55%) of the

community will be implemented with the next fiscal year budget. Elective equipment modifications will be accommodated via a petition process. Elective modifications supported by at least fifty-five percent (55%) of the community will be implemented with the next fiscal year budget. When an equipment modification requires the petition process, the costs incurred in support of the petition process will be applied to the MSBU's operating budget.

The MSBU Program may implement essential equipment modifications, such as adjusting illumination wattage and/or adding light locations when necessitated to ensure adequate illumination within the boundary of an MSBU and/or as appropriate to ensure the integrity of the cost/benefit relationship as communities develop. Equipment modification implemented by the MSBU Program without a petition process are restricted to the noted modifications providing that any assessment rate increase yielded by the modification is no more than twenty percent (20%). Equipment modifications that will yield an assessment rate increase of greater than twenty percent (20%) will require either a petition demonstrating community support of at least fifty-five percent (55%) for the equipment changes or a public hearing to give consideration to the recommended change in equipment. In advance of such public hearing, all owners of property within the assessment boundaries of the MSBU with proposed changes will be mailed notification of said public hearing with changes proposed according to the notification procedures established for increasing annual assessment above the maximum rate authorized.

**Section 13. Codification.** It is the intention of the Board of County Commissioners that the provisions of this Ordinance, including its preamble, shall become and be made a part of the Seminole County Code, and that the word "ordinance" may be changed to "section", "article", or other appropriate word or phrase and the sections of this Ordinance may be renumbered or re-

lettered to accomplish such intention; providing, however, that the Sections 13, 14 and 15 of this Ordinance shall not be codified.

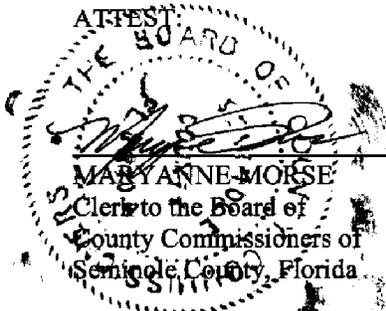

**Section 14. Severability.** If any provision of this Ordinance or the application thereof to any person or circumstance is held invalid, it is the intent of the Board of County Commissioners that such invalidity shall not affect other provisions or applications of this Ordinance which can be given effect without the invalid provision or application and, to this end, the provisions of this Ordinance are declared severable.

**Section 15. Effective date.** This Ordinance shall take effect upon filing a copy of this Ordinance with the Department of State by the Clerk to the Board of County Commissioners.

RESOLUTION  
of the  
SEMINOLE COUNTY BOARD OF COUNTY COMMISSIONERS

ESTABLISHING NON-AD VALOREM ASSESSMENT ROLL RATES.  
THE FOLLOWING RESOLUTION WAS ADOPTED BY THE BOARD OF  
COUNTY COMMISSIONERS OF SEMINOLE COUNTY, FLORIDA, AT  
THEIR REGULARLY SCHEDULED MEETING OF MAY 22, 2012.

WHEREAS, certain Municipal Services Benefits Units ("Unit" or "Units") have been created by ordinance for the purpose of providing specific services and/or improvements within each Unit on a continuing basis; and

WHEREAS, each year for each Unit a non-ad valorem assessment is calculated based upon cost of providing the service for that Unit for that year, and such non-ad valorem assessment shall be levied upon each parcel of land within the Unit in proportion to the benefits derived from the provisions of such service; and

WHEREAS, the Seminole County Board of County Commissioners has adopted the uniform method of collection for non-ad valorem assessments pursuant to Florida Statutes, Section 197.3632,

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Seminole County, Florida:

Section 1. The non-ad valorem assessment rate to be recorded on the 2012 Non-Ad Valorem Assessment Roll for each existing Municipal Services Benefits Unit established with a variable rate provision shall be documented in Exhibit "A" attached to this Resolution.

KNOW ALL MEN BY THESE PRESENTS, That the undersigned, in consideration of the sum of One Dollar and other valuable considerations, the receipt of which is hereby acknowledged, grant and convey to FLORIDA POWER CORPORATION, its successors and assigns, the right, privilege and easement to construct, reconstruct, operate and maintain for such period of time as it may use the same or until the use thereof is abandoned, a single pole line, for the transmission and distribution of electricity, including necessary communication and other wires, poles, guys, anchors, ground connections, attachments, fixtures, equipment and accessories desirable in connection therewith, upon and across the following described land in:..... SEMINOLE..... County, State of Florida, to wit: That part of Lot 9 lying West of Interstate Road #100 (less North 100 Feet thereof) and Lots 10, 15, 20 and 27 (less Interstate Road #100) and... Lots 24 & 26, all of DES PINAR ACRES, a subdivision in the NE 1/4 of Section 35, Township 20 North, Range 29 East as recorded in plat book 12 page 52 of the Public Records of Seminole County, Florida.

...A 7 foot easement, said easement being the Easterly 7 feet of said lots 9, 10, 15, 20 and 27 lying adjacent to and parallel with the Westerly right of way Interstate Road #100.

...Also the The South 3 1/2 feet of Lots 20 & 24 and the North 3 1/2 feet of Lots 26 & 27, of said DES PINAR ACRES subdivision.

Remain referred to as easement area.

GRANTEE shall have the right to patrol, inspect, alter, improve, repair, rebuild or remove such lines, equipment and accessories, including the right to increase or decrease the number of wires and voltage, together with all rights and privileges reasonably necessary or convenient for the enjoyment or use thereof for the purpose above described. GRANTEE shall also have the right to trim, cut and keep clear trees, limbs and undergrowth along said line, and to enter adjacent thereto, that may endanger the proper operation of the same. GRANTORS further grant the reasonable right to enter upon adjoining lands of the GRANTORS for the purpose of exercising the rights herein granted.

GRANTORS hereby agree that no buildings or structures, other than fences, shall be constructed or located within said Easement Area. However, GRANTORS reserve the right to use said Easement Area for any other purpose which will not unreasonably interfere with the safe and proper construction, installation, operation, maintenance, alteration, repair or removal of said facilities of GRANTEE.

GRANTORS covenant that they have the right to convey the said easement and that the GRANTEE, its successors and assigns shall have quiet and peaceful possession, use and enjoyment of said easement.

All covenants, terms, provisions and conditions hereof shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, successors or assigns.

IN WITNESS WHEREOF, the GRANTORS have hereunto affixed their hands and seals this... 27... day of... October... A.D. 19... 65
